UNIVERSITÉ
DE GENÈVE

SDG SUMMER SCHOOL

For more information,
please visit our website:

www.genevasummerschools.ch

- Design new solutions for tracking progress towards the UN Sustainable Development Goals (SDGs)
- Get exposed to how the international community is tackling these new Global Goals, through discussions with experts from the University of Geneva and visits to the many UN and other International Organizations in Geneva
- Conceive ways to use open data, crowdsourcing technologies, and low-cost open source solutions to tackle sustainable development and develop prototypes suitable for deployment.
- The SDG Summer School has three parts:

COURSE DIRECTOR

Prof. Francois Grey
Citizen Cyberlab
University of Geneva

Tuition fees: **100 CHF**

Transfer of credits is at the
discretion of the home institution.
